

**Interplastic Corporation** is a leading manufacturer and national supplier of polyester resins, vinyl ester resins, gel coats, and colorants. We have an immediate opening for an experienced **PRODUCTION MANAGER** to effectively manage our **Minneapolis, Minnesota** Plant.

This position is responsible for managing all aspects of the resin manufacturing production operation. Some specific duties include:

- Working with our scheduler in the development of work plans.
- Managing production personnel.
- Working with operations personnel to solve technical problems.
- Working with divisional personnel to succeed in the achievement of strategic goals.
- Working with the maintenance staff to coordinate maintenance and production schedules.

The successful candidate will have a BS degree in chemical engineering and have at least 4-8 years of experience managing a production facility, strong work ethic and leadership abilities, and the determination to strive for constant improvements in the facility's infrastructure, processing capabilities and personnel. Experience working in a chemical manufacturing environment is a definite advantage. In addition, the candidate must be familiar with the ISO9001:2000 quality management system, ISO14000, process automation, managing union relationships, and have a strong understanding of modern Predictive and Preventative maintenance.

IN RETURN FOR YOUR TALENTS, WE OFFER A CHALLENGING OPPORTUNITY, COMPETITIVE SALARY AND COMPREHENSIVE BENEFITS PACKAGE INCLUDING MEDICAL, DENTAL, LIFE, AD&D, SHORT TERM DISABILITY, LONG TERM DISABILITY, AND A 401(K) PROGRAM THAT INCLUDES MATCHING AS WELL AS PROFIT SHARING.

Interested candidates should mail, email, or fax your cover letter, resume and salary requirements to:
